IMPACT OF BREXIT ON INDIA

DR. SANDEEP BHANOT

ABSTRACT: This paper tries to understand the event of Britain exiting from the European Union and what does it mean for the world, then Europe and then India. It tries to throw light on the opinion of various experts on Brexit and its impact on UK. Since India has trade relations with UK and the European Union, there will be some impact of Brexit on the Indian economy. Secondary data is collected from various articles which try to explain the impact of Brexit on India and the economy. Different experts have tried to explain what the future may hold for India in this context.

KEYWORDS: Brexit, India, referendum, European Union, Britain
