ABSTRACT

Further expansion of the governmental and non-governmental sectors of preschool education is a requirement of today. One of the urgent tasks today is to introduce new forms of preschool education in the field, to improve the conditions, to increase the capacity of preschool educators. The knowledge and skills of the educator increase the number of intelligent children in the preschool organization and contribute to the change in the quality of education.

Keywords: preschool education, state, non-state, sectors, educator, capacity, law, decision, relevance, task, occupation, education, quality.

INTRODUCTION

The President of the Republic of Uzbekistan Shavkat Mirziyoev said: In the next 3-4 years, we must achieve full coverage of all children aged 5-6 in all preschool education. This is a matter for tomorrow, and we will do it.”. The most important task is to complete the large-scale work in this area, in particular, the logical conclusion of the national programs on education, to thoroughly educate the younger generation, to bring them up as physically and spiritually mature people. It paves the way for children to be educated in accordance with modern requirements, to grow up in appropriate conditions, to show and develop their talents and potential.

For the first time in his tenure as President of the Republic of Uzbekistan, Shavkat Mirziyoev has done a lot to reform the preschool education system.

At the end of the 2020-2021 academic year, the implementation of a number of decisions and decrees on the preschool education system on the ground, the coverage of children in preschool education at the expense of established governmental and non-governmental organizations amounted to 62%. In this regard, in the accelerated development of reforms, the Law of the Republic of Uzbekistan No. 595 of December 16, 2019, Chapter 11, Article 58 of the Law of the Republic of Uzbekistan No. 637 of September 23, 2020 The adoption of the Law of the Republic of Kazakhstan "On Education", Chapter 11, Article 75, allowed the further development of the system. Article 17 of the Law on Preschool Education deals with the types of preschool education, and Article 19 deals with the establishment and operation of non-governmental preschool education organizations. The President of the Republic of Uzbekistan Sh. Mirziyoev said in his address to the Oliy Majlis in 2020 that 600 billion sums will be allocated to increase the coverage of children in preschool education to 75% by 2023. This has increased the focus on preschool education.

CONCLUSION

In conclusion, further expansion of the public and private sectors of preschool education is a requirement of today. An increase in the number of public and private preschools will help create a healthy competitive environment.

ACKNOWLEDGEMENT

It is also an important foundation for providing quality education and upbringing for our children from an early age. One of the urgent tasks today is to introduce new forms of preschool education in the field, to improve the conditions, to increase the capacity of preschool educators. The knowledge and skills of the educator increase the number of intelligent children in the preschool organization. Our ultimate goal is to create conditions for the full intellectual, moral, aesthetic and physical development of children, to improve the quality of preschool education, to introduce modern educational programs and technologies in the preparation of children for school.
